

Safer Workplaces, Smarter Decisions, Stronger Businesses.

Protect your people, streamline compliance & drive sustainability. Discover the most intuitive, user-friendly EHS & ESG software designed to empower your team and accelerate your business.

- ✓ Foster teamwork & buy-in with easy-to-use tools
- ✓ Control risk by leveraging machine learning + AI
- ✓ Make smarter decisions with real-time reporting

Why Choose VelocityEHS?

Because You Are at the Center of Everything We Do

One Platform for All Your Needs

Replace the chaos of spreadsheets and disconnected tools with fully integrated solutions that deliver a unified view of your risks and opportunities.

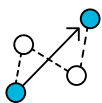

Expertise at Your Fingertips

Our solutions embed decades of expertise from certified EHS professionals, allowing you to access best practices and expert knowledge through software.

Designed for Real People

Our easy-to-use interface fosters collaboration and buy-in across all levels of your organization, ensuring your team's success from day one.

Future-proof Scalability

Get up and running quickly with solutions that quickly adapt to the evolving size and needs of your business.

ML/AI Powered Insights

Leverage advanced machine learning and AI to identify and control potential hazards before they become issues.

Award-winning Support

Our team of the industry's most dedicated customer experience professionals delivers a 90%+ satisfaction rate.

Introducing the New Accelerate Platform

A highly curated collection of the industry's best EHS applications designed to transform the way you manage risk.

- ✓ Easy-to-use interface keeps your people engaged
- ✓ Eliminates repetitive system administration tasks
- ✓ Simplifies & consolidates reporting across solutions
- ✓ Harnesses AI to help non-experts achieve expert results

Four Integrated World-Class Solutions to Help You Keep Your People Safe & Business Thriving

Safety

- + Incident Management
- + Audits, Inspections & Observations
- + Training & Learning
- + Compliance Management

Chemical Management

- + SDS Management
- + Container Inventory Management
- + GHS Secondary Labeling
- + Regulatory Reporting

Operational Risk

- + Hazard Studies (JSA/JHA, Bowtie Assessments)
- + Control Verification Assurance Monitoring
- + Management of Change

Industrial Ergonomics

- + Industrial Ergonomics
- + Office Ergonomics
- + 3D Static Strength Prediction Program (3DSSPP)

So Easy, Even Your Boss Can Use It
Eliminate complexity and drive adoption with a user-friendly design that ensures faster adoption, quicker time to value, and less time learning software.

End the Administrative Nightmare
Give your managers their time back to focus on EHS improvement with a centralized, standardized admin that unifies users, roles, and location trees across all products.

A Single Source of Truth
Connect everyone from the shop floor to the boardroom with intuitive dashboards and customizable reports that give you clarity to make smarter, faster decisions.

Key Features	Velocity	Other Vendors
Integrated Platform: Access all your tools in one place, with one set of credentials	✓	?
User & Role Assignment: Set up your people and assign roles at one time	✓	?

Industrial Ergonomics

AI-Driven Ergonomics Process: Achieve Instant Expertise

VelocityEHS Ergonomics empowers anyone through its sensorless 3D model for motion capture, including artificial intelligence and machine learning, to conduct MSD risk assessments and identify specific risk causes and relevant controls with the precision and accuracy of an experienced ergonomist.

Core Capabilities

- Online training
- Comprehensive MSD risk assessments
- Simple observational tools
- Root cause analysis
- Job improvement process
- Design guidelines
- Return on investment summary
- Dashboards & reporting
- MSD risk reduction index

Contractor self-serve portal

Centralized reporting

AI-driven automation

Ensure contractor compliance

Reduce organizational risk

Contractor Safety & Permit to Work

Stay in Control of Your Permits & Contractors

VelocityEHS Contractor Safety & Permit to Work with AI uses machine learning (ML) to automate contractor verification, enabling faster, more accurate compliance assessments while minimizing administrative effort. By streamlining the verification process, it empowers both EHS and non-EHS teams to enhance contractor safety, reduce risks, and drive operational efficiency across the organization.

Core Capabilities

- ML/AI driven reviews
- Permit to work
- Contractor safety
- Contractor self-serve portal
- Qualification management
- Visitor management
- Induction & orientation
- Dashboards & reports

About VelocityEHS

Relied on by more than 10 million users worldwide to drive operational excellence and achieve outstanding outcomes, VelocityEHS is the global leader in true SaaS enterprise EHS & ESG technology. The VelocityEHS Accelerate® Platform is the definitive gold-standard, delivering best-in-class solutions for managing ESG, Environmental Compliance, and workplace Health & Safety.

The VelocityEHS team includes unparalleled industry expertise, with more certified experts in health, safety, industrial hygiene, ergonomics, sustainability, the environment, AI, and machine learning than any EHS software provider. Recognized by the EHS industry's top independent analysts as a Leader in the Verdantix 2025 Green Quadrant Analysis—VelocityEHS is committed to industry thought leadership and to accelerating the pace of innovation through its software solutions and vision. Its privacy and security protocols, which include SOC2 Type II attestation, are among the most stringent in the industry.

Velocity named a Leader in the Verdantix Green Quadrant

For the fifth consecutive time, Velocity has been named a Leader in the Verdantix Green Quadrant for EHS software, achieving the highest scores for Safety, Ergonomics, and Chemical Management.
